KHOTON

WELCOME

"There is nothing more precious than being surrounded by loved ones and sharing genuine moments of happiness. It is in this spirit that we imagined the Altaï Chalets.

When designing these places, we drew inspiration from what we cherish most when spending time with family in the mountains: the warmth of a fireplace, a large table where everyone gathers after the day, spaces made for laughter, rest, and conversations that linger long after a day spent outdoors. We wanted these chalets to be true refuges, where you immediately feel at ease, just like at home — with the added magic of the mountains embracing every moment. We wish you many beautiful moments here, and hope this stay leaves you with your fondest memories."

ENJOY THE MOUNTAINS IN A DIFFERENT WAY

From your chalet, numerous routes invite you to explore the surrounding landscapes. Between the Contemplations Trail around Lake Praz, Lake de la Rosière, and the routes leading to the Dent du Villard, Courchevel reveals a more intimate side of the mountains where forests, lakes, and exceptional panoramic views come together, perfect for sharing with family or friends.

Summer in Courchevel also brings a gentler atmosphere: local farmers' markets, open-air events, sunlit terraces... simple moments to be enjoyed to the fullest.

The Altaï Chalets concierge service is at your disposal to arrange transfers to and from the slopes of Courchevel Le Praz.

The Altaï Chalets have been designed with careful attention to their connection to Courchevel and their environmental impact. Built using sustainable materials, mostly sourced from France or elsewhere in Europe, they reflect a commitment that is both responsible and aesthetically demanding. The architecture emphasizes simplicity, energy efficiency, and a natural integration into the landscape. The use of local craftsmanship, second-hand furniture, and meticulous attention to every detail demonstrates a deliberate approach to building differently, thoughtfully and coherently.

This vision is part of a family story that has been rooted in Courchevel for three generations. Today, the Altaï Chalets complement La Maison Pinturault alongside our hotels and restaurants, guided by the same philosophy: to welcome guests with sincerity, excellence, and respect for our surroundings.
